Communication

Good communication between home and school is the key to a positive partnership. Parents are encouraged to speak to their child's class teacher whenever they have a concern.

Please make an appointment rather than approach the teachers when they have students in their care. It is helpful if you alert the teachers to the issue you wish to discuss so they can adequately prepare for the meeting. Teachers may sometimes contact parents if they have any concerns.

Email the school office on spa@dbb.org.au should you need to organise a time to meet with the teacher.

Communication between school and parents takes place in the following ways:

- Compass
- Newsletters/Principal Updates (via COMPASS)
- Class teachers provide parents with information on class expectations for the year and on Key Learning Areas
- Student learning digital platforms
- Curriculum and Parent Education is offered prior to each term's Parents and Friends Association General Meeting
- Reporting Procedures.
- Parent –Teachers interviews
- School website

ASQUITH

At St Patrick's we are committed to fostering a safe, supportive, and inclusive environment where all students can thrive. Our school policies focus on promoting positive behaviours for learning and ensuring a respectful and nurturing atmosphere for everyone.

We believe in setting high expectations for both behaviour and learning. Students are encouraged and acknowledged for demonstrating positive behaviours, with clear guidance provided through our Response to Behaviour Matrix. This helps us work together – staff, students, and parents, towards achieving positive outcomes.

At St Patrick's, we live by our core values:

Safe, Responsible, and Respectful Learners.

Our teachers actively teach and model these expected behaviours through focused lessons on our Positive Behaviour for Learning (PBL) program every fortnight. Students' efforts are celebrated regularly, with PBL and Merit Awards presented during our weekly assemblies, recognising their commitment to our school's values.

POSITIVE BEHAVIOURS FOR LEARNING

Rights and Responsibilities of Students

Education is the process of helping each individual discover their own uniqueness, awesome capacity and responsibility.

Behaviour Management at St Patrick's Asquith is seen as guiding, leading, encouraging and demonstrating Christian behaviour within a framework of Christian Values. There is acceptable and unacceptable behaviour. We each have rights and responsibilities.

Rights

Everyone has the right:

- to be happy
- to be safe
- to be treated as an individual with respect
- to communicate and be listened to
- to learn without interruption
- to use and share resources and equipment

Responsibilities

Responsibility is when we make informed choices about our behaviour and take control of our actions. At St Patrick's Catholic School Asquith every person has a responsibility.

INFORMATION TECHNOLOGY

From 2026 and beyond there will be a change in the iPad program for Year 4 students. Catholic Schools Broken Bay will seek to provide school owned devices for the students in Year 4. The intention is to rollout the school owned devices at St. Patrick's over the next 3 years. This will mean that by 2028 school devices will be available for all year groups. This will relieve parents from purchasing a device for their child to use at school and for students to manage the devices at home and at school.

Our current Year 4 and 5 students will continue to use their own devices while they attend school at St. Patrick's.

Advantages of Using School Owned Devices:

- A reduced cost to families.
- Parent choice of device and use at home.
- Management of devices by CSBB including updating software.
- iPads not being lost or damaged when travelling.
- Increased security of devices that is managed by CSBB.
- Ensures compatibility and access with the CSBB Network.

Data projectors and Smart TV's are essential teaching and learning tools in all classrooms. Vivi is available in classrooms providing further potential for the interactive use of technology.

We strongly encourage responsible and ethical use of devices but also use a range of strategies and technologies to support students to be good digital citizens and kept in a safe online environment.

SPORT, CREATIVE ARTS & EXCURSIONS

Physical Education

The Physical Education (PE) Program including sport is implemented by the classroom teachers. Children are required to wear their Sports Uniform on their PE and Sports days. Classes will be advised of their particular days at the beginning of the school year.

Local Area Walking

Students occasionally will attend the local park and oval for physical education lessons. Students will walk to these areas under the supervision of teachers.

Creative Arts

A teacher is employed for two days per week to implement the Creative Arts Program that is usually focused on music. Classroom teachers will teach other aspects of creative arts including drawing, painting and drama.

Excursions

Excursions held outside the school and cultural activities held within the school are organised around curriculum classroom activities. They are considered an integral part of the children's overall education and all children are expected to participate.

A signed permission form is mandatory before a child can attend school excursions and sports carnivals. If a permission form is not completed, the student will not be permitted to participate. Excursion information and permission forms will be communicated via the Compass App.

HOMework & REPORTS

Homework

At St Patrick's we set homework which is aimed to:

- reinforce what students learn during class;
- stimulate and challenge students;
- develop study habits
- enable parents to have an insight into what learning is happening in the classroom.

Teachers are expected to set, correct and give feedback on homework tasks. It is important to communicate with your child's teacher should there be any issues associated with homework.

How can parents help with homework?

- Be sure you understand the homework expectations of your child's teacher. Check the day homework is due and know clearly how the homework tasks will be communicated.
- Establish a clear and agreed routine with your child. Agree on where and when it will be done.
- Encourage your child in the areas of persistence, organisation and effort.

Reporting Procedures

We recognise the importance of keeping parents informed of their child's progress.

June: Written Report and Parent Teacher Interviews

December: Written Report and interview if requested

Our school-based report provides you with information on the effort and achievement of your child in each Curriculum or Key Learning Area, and on their development in and demonstration of Learning Behaviours and Catholic Values.

The achievement scales are based on the Common Grade Scale, developed by the NSW Education Standards Authority (NESA).

CANTEEN

Scan to complete
the Volunteer
Declaration form

Days Open

Our canteen is open each Tuesday and Friday offering a selection of snacks, drinks, and frozen treats.

Our students are able to practice their real-world skills by lining up and ordering from the canteen window.

Items are priced between 50c and \$2 so only small notes and coins are accepted.

Volunteering at the Canteen

Our canteen is run by parent volunteers. The canteen coordinator will advertise in the Year Group Facebook groups and will ask parents to sign up for a shift on the canteen.

The canteen will not open unless there are volunteers to serve. Parents, carers and grandparents are very welcome to sign up. It is a very rewarding experience, and the children love to see their loved ones on Canteen Day!

Volunteers are required to complete a volunteer declaration form prior to any volunteer work. Please attend the office to complete [this](#) form prior to volunteering.

HEALTH & CARE

Illness

If a student becomes ill at school, they will be cared for in the office “sick bay” and parents will be notified to collect their child. Students should remain at home until they are well enough to return.

Students suffering from contagious illnesses, such as diarrhoea or vomiting are not permitted to return to school until 24 hours after the last episode. This precaution minimises the risk of a contagious outbreak at school. For more health and physical care information please see [NSW Government Education website](#).

Immunisation

Under the NSW Public Health Act 1991, children without proof of immunisation may be asked by Public Health Officials to stay at home from school during an outbreak of vaccine preventable disease.

When students are enrolled, St Patrick’s is required to ask parents to provide an Immunisation History Statement. Statements can be obtained online through the [Australian Childhood Immunisation Register](#).

Medication

Diocesan Health and Safety procedures state that staff at St Patrick’s will only be able to administer medications to students when accompanied by written instructions from a medical practitioner. This includes all non-prescribed medications, such as Panadol and Nurofen.

Medication in the original packaging with prescription instruction details are acceptable as written instructions. This policy relates to every student and is applicable when a student is at school or at any school related activity such as excursions, camps or sporting events. All requests for medication need to be accompanied by an authorisation form available on the school website.

Medication will be stored in and administered from the office. Please discuss any requests for medication administration with the school office staff.

SAFEGUARDING

Safeguarding encompasses proactive measures that unite the commitment of staff, parents and the broader school community to create and maintain environments where students thrive and feel safe. Safeguarding emphasises prevention, accountability, and practices that foster a culture of safety and care for all students through embedding the child safe standards and responding in a timely manner when concerns are raised. Catholic Schools Broken Bay (CSBB) promotes and embeds a shared safeguarding responsibility within the organisation. We recognise the rights of children and promote safe and supportive environments where we all have a responsibility to keep children safe from harm.

Safeguarding at CSBB includes:

1. Utilising best practice, child rights and child safe principles to ensure continuous improvement in the area of safeguarding therefore maintaining our responsibility under the National Catholic Safeguarding Standards and NSW Child Safe Standards.
2. Promoting professionalism in our interactions with children and young people at all times by exercising appropriate duty of care and maintaining appropriate professional boundaries.
3. Following an established process to address concerns or complaints of inappropriate adult behaviour of staff towards children or young people. This upholds our legal obligation under the Children's Guardian Act 2019.
4. Ensuring that all people working in our school who are required to undertake a Working With Children Check have a verified clearance, as per requirements under Child Protection (Working with Children) Act 2012.
5. Promoting the safety, welfare and wellbeing of children by responding appropriately when we suspect a child or young person is at risk of significant harm due to possible abuse or neglect. This is our legal obligation under the NSW Children and Young Person (care and protection) Act 1998

PARENT/CARER HELPERS / VOLUNTEERS AND CONTRACTORS

The participation, involvement and help of parents/carers, close relatives and other volunteers are welcome and appreciated for various activities both in school and on excursions. We recognise that parents and carers are the primary educators for their children and we strive to uphold NSW Child Safe Standard 3: families and communities are informed and involved and National Catholic Safeguarding Standard 3: partnering with families, carers and communities.

It is important that all volunteers and contractors are aware that they may be subject to child protection legislation and may require a WWCC. This means all volunteers must:

- Sign on at the front office, and get a visitors badge from the office as per school procedure.
- Complete the CSBB Contractor and Volunteer Engagement form
- Follow our commitment to Safeguarding and not engage in any inappropriate behaviour towards any children. Although volunteers are technically not employed by the school, they are considered to be 'employees' under the Children's Guardian Act 2019 and need to be aware that complaints about inappropriate behaviour towards a child or young person are subject to investigation.
- All parents must comply with the CSBB Family Charter.

SAFEGUARDING

RESPONDING TO CONCERNS

CSBB is committed to empowering students to speak up and actively listens to children and the wider school community when concerns are raised. We treat all complaints seriously and aim to resolve them in a manner that is appropriate, timely, and respectful of confidentiality.

APPENDIX 1: SAFEGUARDING INFORMATION

We are committed to providing safe communities for students at our school to grow and learn as outlined in our [Diocesan Commitment to Safeguarding](#). We recognise the rights of children as outlined in the [Diocesan Framework on the Rights of the Child](#) and promote safe and supportive environments where we all have a responsibility to keep children safe from harm.

The [NSW Child Safe Standards \(NSWCSS\)](#), and the [National Catholic Safeguarding Standards \(NCSS\)](#), provide a principle-based framework that our school commits to using for continuous improvement as part of our commitment to Safeguarding.

Responding to Risk of Significant Harm

All school staff are Mandatory Reporters. This means that if there are reasonable grounds to suspect that a child or young person is at risk of significant harm of abuse or neglect, then a report must be made to the Department of Communities and Justice (DCJ). School staff and Principals are supported by the CSBB Safeguarding Office as required and all records are stored confidentially.

We recognise that a statutory response is not always required and where a family may need extra support, we will assist in making referrals to support the family if needed.

APPENDIX 2: WORKING WITH CHILDREN CHECKS

Working With Children Checks are required by staff, and certain volunteers and contractors in our school, as outlined in Child Protection (Working With Children) Act 2012.

The purpose of the check is to exclude people from working with children and young people who are not suitable. A person who has been convicted or found guilty of a listed serious offence against children (whether in NSW or elsewhere) is prohibited from child-related employment.

Parent participation, involvement and help are welcome and appreciated for various activities both in school and on excursions. It is important to note that all parent helpers / volunteers are subject to child protection legislation.

Further information on the Working With Children Check can be found on the website for the [Office of the Children's Guardian](#).

SAFEGUARDING

APPENDIX 3:

MAINTAINING PROFESSIONALISM

All staff, volunteers and contractors are expected to act professionally and in accordance with the school's expectations regarding staff conduct toward children and young people. Guidance and professional development about appropriate interactions with students, how to exercise duty of care and how to maintain professional boundaries is provided. It is a staff members responsibility to be familiar with these expectations outlined in both the CSBB Code of Conduct and the Professional Expectations Policy.

Staff, volunteers and contractors have a duty of care to:

- Ensure no child or young person is exposed to foreseeable risk of harm;
- Take action to minimise risk;
- Supervise actively, and report concerns to the Principal or seek further advice if they see others acting inappropriately with children or young people.

Staff, volunteers and contractors are expected to:

- Demonstrate appropriate relationships with children and young people that cannot be misinterpreted as overly personal or intimate;
- Uphold professional boundaries. Staff should not be contacting students for non-educational purposes, be alone with students, making inappropriate jokes, touching students inappropriately or showing a student favouritism/special treatment)
- Remain within the responsibilities of their roles and allow those appropriately trained to deal with student welfare concerns;
- Minimise physical contact with children and young people unless it is necessary to exercise appropriate duty of care;
- Follow the school's policies and procedures relating to pastoral care and wellbeing including serious incidents and reporting risk of harm.

Addressing complaints of inappropriate behaviour of adults towards children and young people:

We are committed to providing a safe and supportive environment for both students and staff. This includes addressing complaints of inappropriate behaviour of staff, volunteers and contractors towards any child or young person.

Such complaints are handled differently to other types of complaints which may arise in the school because of legal obligations established by the NSW Children's Guardian Act 2019. The NSW Office of the Children's Guardian is a government agency which requires schools and other organisations working with children and young people to ensure systems are in place for recording and responding to all allegations of a child protection nature against staff, volunteers and contractors.

If you have concerns about alleged inappropriate behaviour by staff, volunteers or contractors towards any child or young person it is important that you discuss your concerns with the Principal who in turn will consult with the CSBB'S Safeguarding Office, if the complaint relates to the principal you can contact Safeguarding directly.

- Gala Days

We encourage and welcome anyone able to offer their time. As part of CSBB Safeguarding commitment, all volunteers are required to complete a Volunteers Declaration Form.

Prior to volunteering, please complete the declaration form and present photo ID to the office. This needs to be completed every three years.

Please note: When volunteering at the canteen, parents are asked to not bring younger siblings to the canteen due to safety.
